

SCHOOL DISTRICT 54
(Bulkley Valley)

SCHOOL AND DISTRICT FACILITIES USE

10.100

POLICY

The school buildings and facilities are primarily for education and for use of the students. The facilities should provide access on an equitable basis while providing the greatest opportunities for educational use.

In accordance with the accompanying administrative regulations, the district makes school facilities available for community or public use when it does not interfere with the normal operation of the district's educational programs.

It is the policy of the Board that the district, to the best of its ability and financial resources, manage the state of the facilities in accordance with sustained and long-term planning while providing the optimal facility conditions for educational use. The School Board authorizes the charging of fees to support the maintenance of the equipment and facilities.

VALUES

In its consideration of this policy, the Board of Education has been guided by its principles to provide ***fairness*** in the district's allocation of the facilities and ***responsibility*** to manage the risks associated with student activities and the condition of the facilities.
