

SCHOOL DISTRICT 54
(Bulkley Valley)

INFORMATION TECHNOLOGY – SYSTEM & INFORMATION SECURITY

6.330

POLICY

The Board delegates responsibility for the security of district IT systems infrastructure, information contained therein, user access and IT Data Recovery Program to the Secretary Treasurer. The Secretary Treasurer shall ensure that appropriate administrative regulations are developed, reviewed and implemented consistent with best practices and Ministry guidelines.

VALUES

In its consideration of this policy, the Board of Education was guided by its responsibility to ensure that appropriate safeguards are in place protecting technology infrastructure and information.
