**POLICY**

The School Board may accept individual, group or corporate donations, for the purpose of supporting public education. Donations thus received will be accounted for through the typical practices.

**GUIDELINES**

1. Donations received in support of public education programs will be accepted and duly accounted for.
2. Any donations or gifts of money received by the Board shall be so accepted with the understanding that no extraordinary conditions or contradictions in law or statute are associated with the contribution.
3. All proposed sponsorships, donations and gifts above \$1,000.00 shall be submitted in writing to the Secretary Treasurer, except student scholarships and bursaries.
4. Donations of a minor denomination may be dealt with at the school level; donations of a significant value will be approved and accounted for by the Board. The Secretary Treasurer shall determine the threshold for Board approval and whether it will necessitate Board approval based on value of the donation and any other factors of a unique or controversial nature.
