

Education Forum Report

Tuesday, May 3rd, 2011

On Tuesday, May 3, 2011 the Education Forum gathered at the School Board Office for a presentation from Ms. Birdy Markert, District Principal of Aboriginal Education on the status of the Wet'suwet'en History Book. The History Book has been in production for the past 3 ½ years and is nearing completion. This textbook will be an outstanding resource to teachers and students alike in understanding local Aboriginal history and culture. Much of this work has been the labour of Ms. Melanie Morin, whose job has been dedicated to this project.

We look forward to seeing the final product in classrooms.

Respectfully submitted,

Shelley Browne
Chair, Education Forum
