

**School District 54 Bulkley Valley**  
**Collective Action Plan for Enhancing School Growth**  
**Twain Sullivan Elementary School**  
**2023 - 2024**

*“Spirals of Inquiry for Equity and Quality” ~ Drs Judy Halbert & Linda Kaser*

**Twain Sullivan Elementary School**

*1771 Walker Road*

*Houston, British Columbia*

*250-847-2227*

**Principal Mrs. Mary Neto**

**School Context:**

- Twain Sullivan is a grade 4 to 7 elementary school in Houston, BC with 168 students, 10 teaching staff and 16 support staff.
- The student population consists of 63 students of Aboriginal ancestry and the Indigenous learners come from a wide variety of Nations. The vulnerability indicators from the previous year show that 60% of the students have one or more life indicators that create challenges and barriers to success in school.
- Supports for students at the school include: individualized programming, counselling services, direct teaching of social emotional strategies, intentional adult/student relationship building, connecting families and students to the range of supports in the greater community. The breakfast/lunch program for the two schools (HSS & Twain Sullivan) supplies approximately 200 meals a day. Because of the substantial support from various community services and the schools, the most vulnerable in Houston can have their basic needs met.
- The teaching staff are innovative and enthusiastic educators who continually work to improve their practice. A variety of technology is used in each classroom. The school offers regular outdoor, place-based and community connected learning opportunities. Many classrooms go outside daily and there are seasonal Take Me Outside Days that involve the whole school.
- Students have choice in how they spend their recess time as there are a variety of extra-curricular activities offered such as sports and crafting.
- We support, notice and name the positive behavior we see from students so that they can recognize when they show the SD54 Core Values.

- 1. Inquiry Question:** Will a school wide focus on literacy improve student achievement in this learning area?

**This school goal supports the School District 54 Learning Priorities Goal: Increase graduation and success rates for all learners.**

**Twain Sullivan Elementary School 2023-2024 Inquiry Question:**

**Will a school wide focus on literacy improve student achievement in this learning area?**

**We will help students to develop skills to *proficiently and confidently read at grade level.***

**We will teach and model a variety of *reading and comprehension strategies.***

We are in the first year of the three-year cycle of a new growth plan.

- 2. Scanning & Data:** What do we know about our students?

- Students share that they like to read.
- Students engage with text in a variety of forms each day.
- school reading data 24% EMG

- FSA literacy data 48.5% EMG

### **3. Focusing: The most important work we can collectively do to improve the success of our students.**

We believe that students should have the opportunity for eyes on text as many times as possible in a day.

We believe that students should read text at an accurate level to build reading fluency.

We believe that students should develop reading and comprehension strategies that help them to access text that is above their reading level.

### **4. Research to Support:**

Improving Reading Skills Through Effective Reading Strategies  
[https://www.researchgate.net/publication/257718591\\_Improving\\_Reading\\_Skills\\_Through\\_Effective\\_Reading\\_Strategies#](https://www.researchgate.net/publication/257718591_Improving_Reading_Skills_Through_Effective_Reading_Strategies#)

Improving Reading Comprehension Through Higher-Order Thinking Skills

OCED iLibrary: What can students do in reading?  
<https://www.oecd-ilibrary.org/sites/5f07c754-en/1/2/6/index.html?itemId=/content/publication/5f07c754-en&csp=6aa84fb981b29e81b35b3f982f80670e&itemIGO=oecd&itemContentType=book>

The Use of New Technologies for Improving Reading Comprehension  
<https://www.frontiersin.org/articles/10.3389/fpsyg.2020.00751/full>

### **5. Key Learnings:**

Our students need even more opportunities to read a variety of texts throughout the day. We are responsible for directly teaching reading and comprehension skills to students.

### **6. Developing a Hunch:**

Our hunch is that if students consistently focus on two reading strategies and two comprehension strategies, their reading level will increase to *proficient*. Teaching staff have asked for professional learning in this curricular content area to support their teaching practice.

### **7. New Professional Learning:**

Webinars & Book Club  
Reading Power: Teaching students to think while they read

Adrienne Gear

“Reading Power promotes reading comprehension with a wealth of effective strategies that help readers THINK – interact with the text and construct meaning while they read.”

Webinars

Leyton Schnellert

Reading Strategies

Learn from District colleagues

\*There will be further professional learning as opportunities arise.

## **8. Taking Action: As a collective what are we going to do?**

School Wide

- professional learning
- collaboration through release time and on Thursday afternoons
- celebrate student achievement & learning
- Observe what is going on for our learners. Ask a sample of students the 4 Key Questions <https://noie.ca/wp-content/uploads/2019/11/NOIE-Four-Key-Questions-that-Matter-2019.pdf>

Classroom

- use the Changing Results for Young Readers framework – focus on one student, implement strategies, monthly assessment of the student’s reading level and comprehension of text, track student’s progress

## **9. Communication: How will we share our goal and results?**

- focus on the goal during staff meetings, teacher release time and collaboration, ProD and third Thursday afternoons
- Students will participate in classroom lessons in which we will directly share that their learning is part of our school goal.
- We will provide parents with information on our school goal through PAC meetings, school website, monthly newsletters, and Facebook posts.

## **10. Families: How will we involve our school community?**

- We will empower parents through sharing strategies that will support their developing readers increase their reading level and comprehension of text. We can do this through a literacy focused section of our newsletters and during concerts and parent/teacher conferences we can give pamphlets that have reading tips.

## **11. Connection to our District Goals:**

This school goal supports the **School District 54 Learning Priorities Goal: Increase graduation and success rates for all learners.**

## **12. Grounded in the 7 Principles of Learning**

- Learners at the center
- Social nature of learning
- Emotions are integral to learning
- Recognizing individual differences
- Stretching all students.
- Building horizontal connections

## **13. Grounded in the First Peoples Principles of Learning**

Learning is holistic, reflexive, reflective, experiential and relational, focused on connectedness on reciprocal relationships and a sense of place.

## **14. Grounded in School District 54 Core Values**

- Compassion
- Honesty
- Respect
- Responsibility
- Fairness
