

- Graduation rates and academic measures for Indigenous Learners will exceed provincial norms
- Witsuwit'en language and culture will be evident in all schools
- Everyone will have the opportunity to experience authentic Witsuwit'en cultural content as a part of their learning

## TRUTH AND RECONCILIATION

- Increase involvement, responsibility and relationships with community
- Schools will provide programming and support for student's mental health and wellness

## STUDENT LEARNING

- Empower all students to become lifelong learners, graduating with purpose, options and dignity
- All students will meet or exceed academic provincial norms

- Promote and support a broad variety of courses and programs for students, particularly trades and technology opportunities
- Prioritize recruitment and retention for all positions
- Supporting ongoing professional learning and training for all staff
- All schools will support Inclusion, Diversity and Anti-racism education
- Increase student connection and engagement

## TEACHING

## LEARNING ENVIRONMENTS

- Promote and support outdoor learning experiences and programs
- Provide more updated, flexible and modern learning spaces
- Environmental stewardship a priority for all classrooms, schools and all district operations
